

LONDON MADE BRIAR PIPES

*The original Adolph Frankau
Building in Upper Thames Street London 1847*

Since 1847 Adolph Frankau and Company have been making fine briar pipes at their London factory. The experience and skills developed during more than 125 years of pipe making are reflected in the ranges illustrated in this catalogue, which incorporates our latest designs and finishes . . .

Briars are now exported to over one hundred different countries, and are first choice wherever good pipes are smoked and enjoyed.
